

## NEWS FROM THE DORCAS MINISTRY

Dorcas left for her home in heaven but the people were not ready to leave her. The light she shed in the community brightened the lives around there. They believed if Peter came as soon as possible she could be brought back to life. What they have done was expression of love for Dorcas and faith in God. When Peter came they showed him the coats and garments she made (Acts 9:36-42). She was brought back to life and Peter presented her to the saints and widows. Looks like she had a lively ministry to the widows.

Rahelamma, a widow was helped with a sewing machine. This helped to kick out her poverty and bring out the charity in her. She was a faithful giver to the church and made clothes for poor children in her community. She gave to world Bible school monthly \$7. In 14 months

she gave back the money of the machine. And she kept giving till she died.

Widows in the villages don't get much business stitching cloths. But they have plenty of pastures to raise goats. In the cities more people buy material and stitch clothes than buying readymade.

Hanna is a widow from K.K.Nagar. The love of Jesus has brightened her life. She raised her children in Godly ways and is a good soul winner.

The two sewing school operated by our sisters helped hundreds to learn sewing. Before the sewing class they a time of worship to God, study the word and ofcourse visiting. Life is better with Jesus and chrisatlike people. Praying for a hundred sewing schools.

## SEWING MACHINES FOR WOMEN'S SELF HELP

Rahelamma receiving

the sewing machine from Dorethy. The hundreds of widows stopped looking at the gloomy world and looking to the Jesus who lights every person( John 1:9). Its very encouraging they are spreading the light of Jeus.

In Christian love

Paul
