

NEWS ON HELP TO THE DISABLED

When the Lord was please to help the disabled through me comparatively bigger way He first let me look in to the number of people needing assistance. And the reason why we should help them. 18.8% of people in India have seeing disability, 18.9% has hearing disability, 7.5 % has speech disability, 20.3% has mobility disability, 7.6% has mental retardation, 2.1% has mental illness, and 7.9% has multiple disabilities and some with other disabilities. A total of 2 1,906,769 disabled people. Helping them helps us to grow in kindness and thankfulness. I have chosen to first help people with moving disabilities and seeing disabilities.

A plastic seat on three wheels. But it helps. When 550 of those first came in the shipment the number of people who helped to get it to the needy free of customs and duties are thankfully remembered along with the donors. Government officials were very helpful as they saw it was for free distribution.

The locally made tricycles.

We give them training to make candles and chalk pieces. This helps them to be self supportive.

Monthly monetary help to poor blind widows for food made available.

12,507 people with mobility disability was helped with wheelchairs, tricycles, goats, and churches

18,901 people screened in medical camps.

Surgery done to 3099.

Spectacles provided to 6291

State chief Minister joins us in the free tricycle distribution

These are waiting to see the doctor.

In a medical camp average 900 people receive free check and spectacles.
